

# rexroth

A Bosch Company

## New Partner types - Offerings

Solution Partner

CE-Solution Partners offer a highly qualified extension of Bosch Rexroth and its technologies. They are not only certified technical experts in applying a variety of Bosch Rexroth technologies, they also supply profound process know-how with excellence in engineering.

Spanning design, software coding, assembly and commissioning, our CE-Solution Partners passionately realize systems and sub-systems which meet the most demanding performance requirements.

Extensive training and qualification on Bosch Rexroth products and applications enable our CE-Partners to utilize this deep knowledge for all solutions they offer.

All CE-Partners for Solutions stand ready to offer competent advice and after sales support for Rexroth products. When it comes to Industry 4.0 and “internet of things“ they are the certified and competent experts for a perfect solution.
